

**APPLYING FOR A DAYTON UTILITIES GRANT
INFORMATION TO HELP YOU IN COMPLETING YOUR GRANT APPLICATION**

1. The Dayton Utilities Grant program is intended to support projects that benefit communities in the Dayton Utilities service area, through Non-Profit Organizations.
2. This program does not fund:
 - 1) candidates for political office or any political purpose;
 - 2) payment of utility bills or charges;
 - 3) governmental schools or schools receiving public funds;
 - 4) religious organizations.

The program, however, may fund projects specific to separate organizations from schools or religious organizations (PTO's or church youth groups, for example), if the Dayton Utilities Grant board deems that the benefit of the project will be felt community-wide.

3. Dayton Utilities Grant applications submitted by individuals will not be funded. Special needs for an individual may be considered if the grant is submitted by a qualifying organization. For example, if an individual's house burned, a community organization (civic club, etc.) could apply for a grant to assist the individual.
4. **To ensure the best opportunity at having a grant funded:**
 - **Complete the applications fully and clearly**
 - **List all other primary funding sources for the project. The Dayton Utilities grants are designed to assist projects as a source of supplemental funding.**
 - **Include a detailed description of intended use of the funds.**
 - **Submit only one grant application per project.**
 - **If additional information is provided, attach no more than 5 pages of information to the application. If other supporting documentation is provided (brochures, photos, etc.) enclose 10 original copies with the application.**
 - **Must provide organization's checking account information; copy of the Federal ID# or EIN # and a copy of the tax exemption letter from the Secretary of the State of Tennessee or Internal Revenue Service.**
 - **Representation must be in attendance at the Grant Meeting when your application is presented.**
5. Grants are reviewed on a case-by-case basis. Applications may, at the discretion of the Dayton Utilities Grant Board, be either fully funded, partially funded, tabled until a future date, declined, or the organization may be asked to resubmit, providing additional information.
6. An independent board, made up of non-paid volunteers from the Dayton Utility service areas, reviews the Dayton Utilities Grant Applications.
7. The Dayton Utilities Grant Board of Directors meets regularly (every other month) to consider grant funding. When a grant application is received, the submitting organization will need to confirm the date of the next Utility Grant Board Meeting so that representation can be present.
